

# **TRANSFUSION MEDICINE RESIDENCY TRAINING PROGRAM**

**McMaster University  
Hamilton, Ontario**

McMaster University is pleased to offer a Residency Training Program in Transfusion Medicine certified by the Royal College of Physicians and Surgeons of Canada. The Program is designed to equip eligible post-graduate residents with the specialized knowledge and training necessary to become leaders in the field of Transfusion Medicine. Content topics include blood bank serology and operations, stem cell processing and procedures, management of common and uncommon clinical problems, managerial and directorship skills, clinical and basic Transfusion Medicine research, critical appraisal, blood donation and the role of the national blood supplier.

Eligible applicants must have Royal College Certification in Hematology, Pediatric Hematology/Oncology, Hematological Pathology, Anesthesiology or General Pathology. Funding for up to 2-years is available through Canadian Blood Services. Interested applicants should contact Genie Leblanc (Program Assistant) or Dr. Donald M. Arnold (Program Director) for more information.
