

Consultative Hematology Fellowship

This is a 1yr clinical fellowship in general consultative hematology suitable for trainees seeking further tertiary care broad hematology experience. It is based at UHN and Mount Sinai Hospitals, Toronto. The position includes many teaching opportunities as well as possibility to enroll in a formal teaching program, and would be suitable for those seeking an academic career as a clinician-teacher.

It can potentially be combined with other areas of hematology for a 2 year fellowship.
