

Hematologist, Division of Haematology, Department of Medicine, Queen's University

Queen's University Department of Medicine, Division of Haematology, is seeking a qualified Haematologist to fulfill the role of Clinician-Scholar. The Division of Haematology at Queen's University provides clinical care to a large catchment area with specialty clinics and has an active subspecialty training program. Members of the Department of Medicine enjoy a competitive compensation package, including a generous benefit plan. Academic rank will be commensurate with experience. In addition to a major focus of providing exemplary clinical service, the successful applicant must demonstrate strong potential for teaching at both the undergraduate and postgraduate level, engage in collaborative research and contribute to the administrative functions of the University and hospitals. The successful applicant must demonstrate strong leadership skills in an academic or hospital setting and he/she would be expected to provide evidence of the ability to work in a collaborative environment, excellent communication skills and a strong academic portfolio. Training in hematopoietic stem cell transplantation is considered an asset. Protected research time would be considered for an appropriate candidate.

Candidates must be eligible for licensure by the College of Physicians and Surgeons of Ontario. Preference will be given to those who either hold or are eligible for certification in haematology by the Royal College of Physicians and Surgeons of Canada.

One of Canada's leading universities, Queen's has a reputation for academic excellence, research, and a diverse and vibrant learning environment. Kingston is situated in the heart of historic Southeastern Ontario on the shores of beautiful Lake Ontario, midpoint between Montreal and Toronto.
