

FELLOWSHIPS IN HEMATOLOGY AND
HEMATOLOGICAL ONCOLOGY.
PRINCESS MARGARET CANCER CENTRE AND
UNIVERSITY HEALTH NETWORK

We have opportunities for clinical and research fellowships in the areas of Red Cell Disorders, Coagulation, Apheresis Bone Marrow Transplantation (BMT), Leukemia, Lymphoma and Myeloma. Fellowships are typically for two to three years depending on interests and research projects. The clinical scope can be modified based on the interests of the individual.

If you are interested in applying please contact Laurel Morgan, Director of Fellowship Program – laurel.morgan@uhn.ca If you wish further details about the different opportunities and programs at Princess Margaret or University Health Network you can contact the following.
