William Osler Health System (Osler) is one of Ontario's largest community hospital organizations, delivering innovative health care with compassion through more than 650,000 patient interactions every year. With three hospital sites: Brampton Civic Hospital, Etobicoke General Hospital and Peel Memorial Centre for Integrated Health and Wellness we offer a wide range of health services, with care provided by skilled health professionals working in multidisciplinary teams

We are recruiting a Hematologist to join our dynamic team of Oncologists, Hematologists, Nursing and Allied Health Staff. The successful applicant would also provide consultative services for hematologic disorders, actively participate in phase II and III clinical trials, engage in quality improvement initiatives, and work in collaboration with a group of 9 Medical Oncologists/Hematologists. The Osler hematology program includes blood bank, hematopathologists, pharmacists, support staff along with chemotherapy certified nurses, advanced imaging, and hematopathology facilities. We also have a dedicated paediatric/adult hemoglobinopathies program and an adult thrombosis and haemostasis program.

The successful applicant must be able to be licensed to practice in Ontario and hold a fellowship in Internal Medicine from the Royal College of Physicians and Surgeons of Canada with a subspecialty in Hematology (existing or successfully obtained within 1 year of acceptance). Leadership experience, quality improvement experience, and clinical trials experience are considered assets.

Expressions of interest should be forwarded along with your curriculum to:
