

Hematologist locum position with Surrey Hematology: Jan 4, 2021 – Aug 27, 2021

1. Part time (0.5 FTE) at BC Cancer - Surrey, malignant hematology (Provincial Health Services Authority, PHSA)
2. Part time (Fee for service) inpatient and outpatient, benign hematology at Surrey Memorial Hospital, Jim Pattison Outpatient Care and Surgical Centre (Fraser Health, FH)

The Surrey Hematology locum position is a unique combined salaried and fee for service position. The 0.5 FTE salaried position is through BC Cancer - Surrey, providing malignant hematology care. This locum position also consists of a 0.5 FTE fee-for service position in a busy benign General Hematology practice at Jim Pattison Outpatient Care and Surgical Centre and Surrey Memorial Hospital creating a full-time position. Call coverage is provided for Surrey Memorial Hospital, a busy tertiary care centre.

You will provide quality malignant and benign hematology care for our patients. Clinical experience in predominantly myeloid malignancies in addition to lymphoma and myeloma is highly desirable. There are currently 3 other Hematologists on the Surrey Hematology team, creating a strong team for collaboration not only for clinical care, but also academic activities. This position also includes clinical teaching of hematology Clinical Fellows.
